

CLASSROOM CORNER

SEE WHAT WE HAVE BEEN LEARNING IN
3/4H

3/4H have hit the ground running this term. We have started integrating the theme of dinosaurs into most of our work and the students are loving our 'inspiration table' to discuss more dinosaur related topics.

This term we are working on writing informative texts and this will support learning to research effectively all about our favourite dinosaurs.

One of our Maths focusses for this term is measurement and data so in a few weeks we will be full of facts and statistics about a dinosaur or two.

Our science goals are learning about lifecycles and we are looking at Australia's beautiful features and landmarks in Geography.

We look forward to more fun and dino-riffic times ahead.

Staff Spotlight – 3/4H

Hi Everyone,

My name is Kristy Hayes and I am so excited to have joined the Gillwinga school team and community this year. I have been lucky enough to have been a teacher for 17 years, and becoming more full time in the last 9 years. I absolutely love teaching, love kids and love to build positive relationships with all around me. I feel privileged to have been asked to continue my career here. On a personal note, I am the mum of 4 daughters and have recently become a grandmother for the first time with a grandson. I love and know most sports but netball is my main passion. I hope to continue getting to know those in our community as time goes on. Feel free to come up and say hi anytime.

Kristy
