TARGET GROUPS

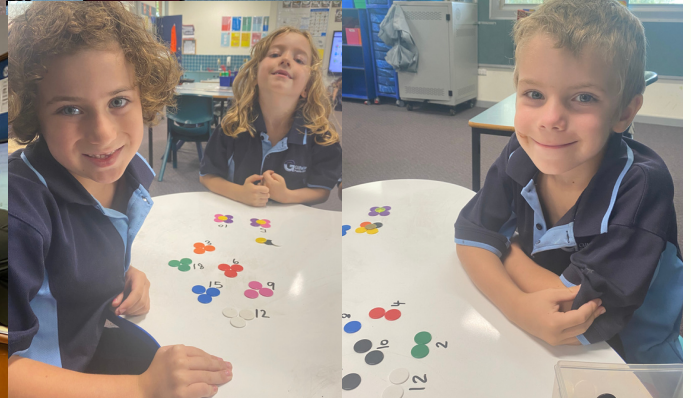

CLASSROOM CORNER

SEE WHAT WE HAVE BEEN LEARNING IN

Target Groups

This year we have placed a focus on targeting student growth in literacy and numeracy through a whole school commitment to stage target groups. In Stage 1 this has been through the use of the program Initialit. In Stages 2 and 3 some students are participating in MacqLit Lessons delivered by SLSOs and the LaST and all students are participating in target groups delivered by stage teachers, along with the APC&I, RFF and COVID teachers.

Students have been working in small, targeted groups Tuesday, Wednesday and Thursday. They spend 30 minutes on comprehension and 30 minutes on whole number. Working in these small targeted groups allows students to focus explicitly on their area of need.
