3/4T

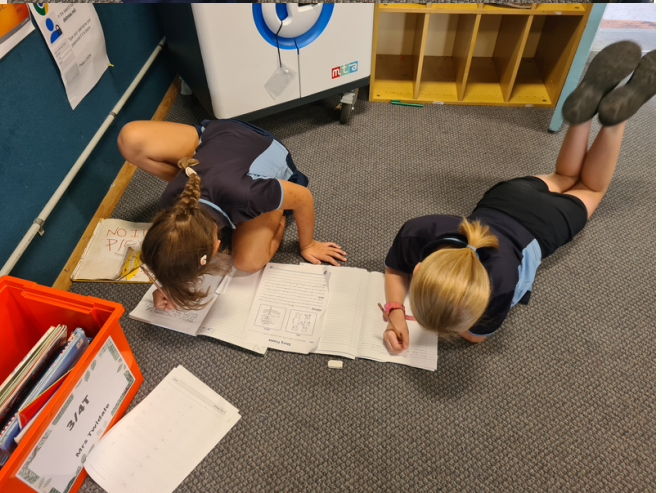

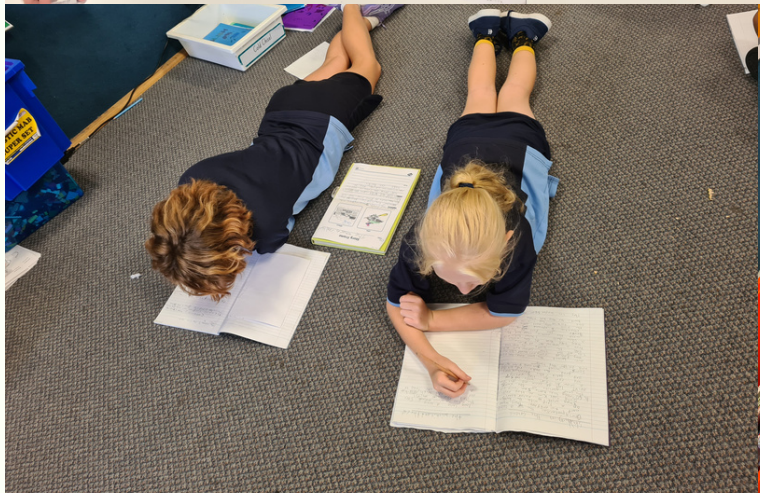

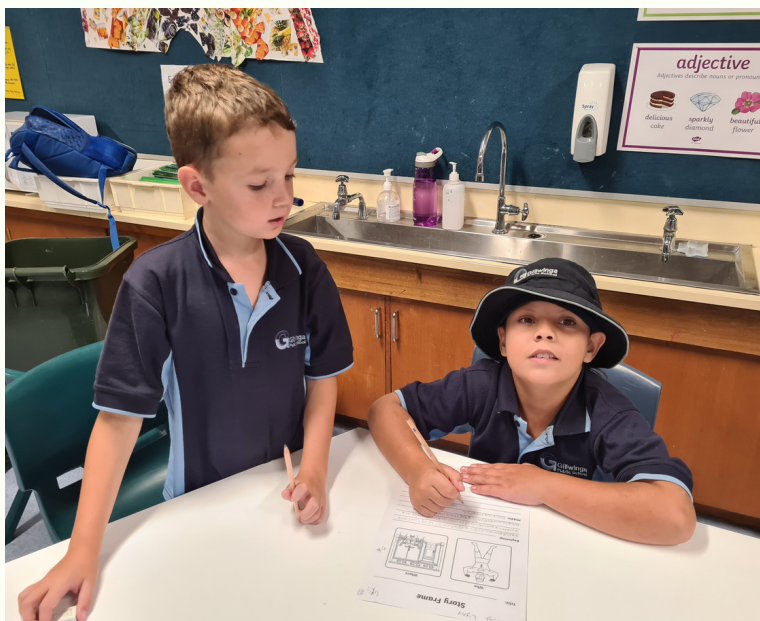

CLASSROOM CORNER

SEE WHAT WE HAVE BEEN LEARNING IN
3/4T

This term, 3/4T have been reviewing both persuasive and narrative writing styles. The students have been learning to use a bump it up wall to assess their own work and improve their writing. They are pictured here working in pairs to create interesting characters and settings that could be used in their stories. The students have also been enjoying learning how to write great sentences through daily practise. We look forward to our Friday sharing sessions where students get to read their favourite piece of writing for the week to the class, and describe what they did to meet their writing goals in that piece.

3/4T are always excited to join Uncle Dean in the connection room for Gumbaynggirr language and culture lessons each Friday. The students demonstrate their growing knowledge of Gumbaynggirr language and enjoy learning and dancing on country.
